

AlwaysFresh™

Water the way you want it®

Beverage Center

AP-UCBS-KIT Under Cabinet Plumbed in
Brewing System

Environmentally Friendly

Save Energy, protect the environment and enjoy Freshly Brewed water!

Water temperature is adjustable from 192 to 195 degrees F for the perfect cup of coffee, tea and more.

Brewed in pot system has 3 brew volume settings. Simply select desired volume and push the button to make 1/4, 1/2 or full pot of Coffee or Hot Water for Tea, Soups, Instant Cereals and more.

Great alternative to instant hot systems that have a hot water storage tank.

No Venting required

No Special Dispensing taps

No wasted energy continually heating stored water in tank!

Alwaysfresh freshly brewed when you want it!

System installs under cabinet and requires a 1/4" water line and a 15 amp dedicated 110-115VAC outlet. (4' of ground cord is affixed to system)

Also included in this package:

- Medium Carafe (Stainless steel)
- Non Skid alignment pad
- 250 sample filters for coffee
- 25 ft of 1/4" tubing
- AP-UK-CP-14 install kit

Fully adjustable Solid State Brewed in pot Beverage System

Add our Alwaysfresh Drinking Water System

Model AP-DWS-HFC-1000

for **Hot n' Fresh n' Filtered water**

Better Water Equals Better Coffee, Tea and more

Alwaysfresh Beverage System UCBS-KIT

More than 75 years of experience designing and manufacturing professional coffee brewing equipment is built into this system.

Space Saving Built and plumbed in Design - frees up valuable counter space

Unique Brewing System - assures coffee is brewed at optimum temperature of 192 to 195 degrees F to release full flavor of the coffee.

Instant Source of Hot Water - for tea, hot beverages, cooking and other needs.

Plumbed into Water Filtration System - see diagram below for details.

High Flow Drinking Water System included - AP-DWS-HFC1000 high flow 1.5 gpm system

Easy to Use - simply set the carafe (included) in place then select and push the touch pad for the preprogrammed volume desired

Brew directly into Thermal Carafe - coffee or water stays hot and fresh for hours without using a hot plate or warmer.

Programmable Pre set Brew times - have fresh hot coffee or water waiting for you in the morning or anytime you desire.

Convenient - once the brew is complete, your carafe can be taken anywhere you want to enjoy fresh, filtered hot coffee or water.
